

## Sales & Business Development Associate

### Description

Intergo Interactive is company involved in the development, marketing and operation of SaaS internet businesses. We are a niche and competitive player in our field and we are looking for a B2B Sales associate to join our team. If you are a self-driven and passionate individual, interested to work with a fully distributed team that is building and shipping new and innovative technology products then join our team. We take up the challenge to build simple or complex applications then work hard to bring them to market and scale them. If you like the idea of working with remote team that competes globally working from your own space or from our offices in Paphos, Cyprus, constantly growing and challenging your self then this is for you. The product you will be working on is our new business communications platform that offers Text (SMS), Viber, WhatsApp and powerful API's to businesses of all size. The product is revolutionary drifting away from the traditional bulk messaging and introduces smart analytics, A/B testing and other value added features to help businesses grow. The successful candidate will build strong relationships with prospects and customers from the first contact to qualification. The individual will then boost sales and contribute to long term business growth.

### Responsibilities

- Identify potential clients and the decision-makers within the client organization.
